

GuideXP TechLauncher National Capital Exhibition Investigation

12:00 pm, Barrine Dr, Parkes ACT 2600
August 3, 2019

Investigation Chaired by Client

Attendees:

Jayden Castillo	Client
Liang Hong	u6303287
Danny Feng	u6611178
Yu Qiu	u6063921
Kelin Zhu	u5746348

Investigation & Discussions:

1. Deciding whether to use one total QR code of the whole exhibitions website which have search function of every exhibition number that will link to every exhibition website, or use different QR codes for every exhibition.
2. There are 18 sections in the Exhibition. We had a look at the exhibitions and their introductions that we will add and translate on the website.
3. Every section has different exhibitions with different pictures, forms and patterns. Therefore, we might need to unite a same form or pattern on the websites.
4. Specific schedule still needs to be discussed.

DEVELOPING THE CAPITAL
